## HOLDING A MEETING

OF REPRESENTATIVES OF ALL  
THE TOBACCO ASSOCIATIONSMay Form Combination to Handle  
Pooled Tobacco.—Relief From  
Night Riders is Predicted.

BOWLING GREEN, Ky., Aug. 20.—Representatives of all the tobacco associations of Kentucky, Ohio, West Virginia, Tennessee and Indiana are meeting here today to form a combination of all the organizations to handle pooled crops. President Davenport, of the tobacco department of the Society of Equity, is presiding.

### Expect Good Results.

Today's Courier-Journal says: Following a conference with Lieut. Col. James P. Gregory, of the First Kentucky Regiment at The Seelbach, last night, Maj. P. P. Johnston, adjutant general of the Kentucky state guards, left for the western section of the state, and during his absence will visit Hopkinsville, Eddyville, Russellville and other points where troops are stationed. Neither the Adjutant General nor Lieut. Col. Gregory would discuss the nature of their conference at its termination, and the former was exceedingly cautious regarding any statement he might make on the situation in the tobacco district or the future movement of the soldiers. It was hinted last night that a movement was on foot whereby an organization was in course of formation by all of the tobacco men of Western Kentucky to put a stop to Night Rider depredations, and this was confirmed by Adj. Gen. Johnston, who said that such a movement would likely be brought to a head at meeting of the representatives of all of the associations at Bowling Green today. Gen. Johnston said that while he would not stop off at Bowling Green, especially for that meeting, he had other business there, and would likely be present to hear what the tobacco men had to say regarding the restoration of peace and good order in Kentucky.

### Methodist Conference.

Preparations are being made for entertaining the Louisville conference of the Methodist Episcopal church, South, which meets in Owensboro during the third week in September, and which will be the largest religious gathering ever held in Owensboro. A meeting of the pastors of Methodist churches, together with the presiding elder, was held Tuesday afternoon for the purpose of making plans for entertaining the annual conference.

Nearly 400 ministers will be in attendance, besides a large number of laymen. A large number of laymen are, of course, officially connected with the conference and a great many more will attend as onlookers. There will be numerous delegations from churches to solicit the powers that be for certain preachers. Members of all the various church boards will be in attendance.—Owensboro Messenger.

## AGAINST HIS WISHES JOHNSON IS AGAIN NOMINATED FOR GOVERNOR.

Convention Goes Wild When His  
Name is Mentioned.

HIS ACCEPTANCE IS IN DOUBT.

MINNEAPOLIS, Aug. 20.—Gov. John A. Johnson was nominated for governor by acclamation, following one of the wildest demonstrations in the history of the state.

When Mayor Dan W. Sawyer announced the name of Johnson in his nominating speech the house went wild, and for one hour the delegates and hundreds of visitors, among them many women, shouted and marched and flung flags and banners about the convention hall.

When the fact was brought to his attention that he might be made the nominee, despite his protests, Gov. Johnson said that if he was nominated the ticket would be without a head, for he could not lift a finger to further candidacy.

After the nomination for governor was made the platform was read. The resolutions presented indorse the establishment of the harvest machinery plant at the state prison at Stillwater, favor the election of United States senators by popular vote, and indorse the initiative and

referendum.

Will He Accept?

ST. PAUL, Minn., Aug. 20.—When asked if he would accept the nomination conferred on him today by the Democratic state convention, Gov. Johnson said:

"I have not been officially notified of my nomination. I have nothing to say.

About People and  
Things

### A Thought For the Day.

A young man who combines personal agreeableness with the ability to do things is apt to find that things come his way.

—W. J. Beecher.

John Harpole, who for several years has been engineer and electrician at the Hopkinsville asylum, has returned to Bowling Green to spend a few days. Mr. Harpole lost his office on account of the Republicans taking charge.—Bowling Green News.

The annual encampment of the Kentucky national guard will be held this year about the middle of September at Earlinton. The encampment this year will be one of the most complete ever held by the state militia and arrangements are being made by the officers of the guard to improve in every way over former encampments. One of the finest target ranges in the country is located at Earlinton and the state is now building barracks at Earlinton.

Gov. Willson has called a meeting of the educational commissioners to be held at Frankfort on September 3, when the commission will organize and begin its work. The principal purpose of the commission is to devise a method by which the efficiency of the common schools can be increased.

If anybody can beat this radish we want to hear from him. Mrs. Mary A. Harris, who lives near town on the Bradshaw road, today sent to the New Era office a white radish which measured twelve inches in length, fourteen inches in circumference and tips the scales at four pounds. The radish is of the ordinary white variety—had been stripped of the leaves. It was as solid as a piece of wood and would have made a good Indian club.

### WOMAN INVADERS LODGE.

HARTFORD City, Aug. 20.—A social session of the Eagle lodge was broken up at Montpelier Saturday night by a woman in black. The night being warm, the doors were partly open, when a strange woman walked in and took a seat near the lodge altar. The ceremonies were stopped and the woman was ejected. She was taken to a hotel where she was kept until her identity was established. She proved to be Mrs. Chas. Herald, of Mt. Zion, Wells county. Her husband was sent for and she was removed to her home. No reason is given for her unusual action.

## PROPOSE BIG DEAL

IMPERIAL MAY BUY GROWING  
CROP OF CHRISTIANNegotiations Said to be on Foot That  
May Result in Great Sale  
of Tobacco.

A prominent association farmer and a member of the county committee informs the New Era that the recent report to the effect that the Imperial Tobacco company has made a tentative offer for the growing crop of Christian county has foundation. According to the New Era's informant, the Imperial company has made an offer of about \$9 per hundred pounds for the entire crop grown in this county, provided it would be delivered to them loose. So far it is not known whether the offer extends to other counties or not, but it is supposed that it does as the twelve or fifteen million pounds of tobacco produced in this county would only be a beginning for an annual purchase by the Imperial.

It is not yet known how such an offer will be received by the Planters' Protective association which controls practically the entire crop now on the hill. Heretofore the association has steadfastly refused to consider the sale of tobacco in any other form than prized in hogsheads under the rules laid down. The Imperial has just as steadfastly refused to buy the prized tobacco as they claim it must be prized in a certain manner in order to suit the English trade and that when it is prized under any other conditions it is ruined so far as they are concerned. Last year the Imperial bought the entire crop in Crittenden, Union, Hopkins, Webster and Henderson counties, controlled by the Stemming District association, at the round price of \$8 per hundred. The tobacco produced in this district is regarded as being worth from \$1 to \$2 more than that raised in the stemming district.

The importance of the offer coming just at this time cannot be overestimated. The Planters Protective association now has on hand about 25,000 hogsheads of last year's crop and sales are decreasing each week. The sale of the growing crop to the Imperial would not only get it off of hand but would make the 1907 crop more sought after as the balance of the trade would have to supply their needs from it.

## THOUSANDS INVITED

GUTHRIE, Ky., Aug. 20.—Two thousands invitations have been issued by the committee on arrangements of the farmers and planters of Todd and adjoining counties to an old-fashioned basket picnic and speaking on Saturday, Aug. 22, at the fair grounds in Guthrie. The Hon. Joseph E. Washington will be master of ceremonies and the following speakers have been invited: F. G. Ewing, A. O. Stanley, John Rhea, Joel Fort and John E. Garner, Jr.

At the June meeting of the board of directors of the association it was decided that no general rally and barbecue would be held at Guthrie this year on the same order as those held in previous years. It was recommended by the board, however, that each county hold a meeting during the summer for the purpose of keeping the enthusiasm for the organization up to the highest point. The picnic at Guthrie will be of greater significance, perhaps, than any other held in the district. Guthrie is the birthplace of the organization and headquarters since its formation.

The committee on arrangements is composed of W. C. Balce, chairman; J. S. Linebaugh, W. L. Poinexter, M. E. Webb and Alex Harris.

### Social Session.

## IN SEVERAL TOWNS

BUSINESS MEN STUNG BY NE-  
GRO CROOKS' FORGERIESCovington Comes to the Front With  
a Victim—Places Around Here  
Notified.

Since the publication of the account of the swindling of eleven merchants of this city by the two negroes last Saturday night, reports have been received from several other towns stating that the same scheme was successfully worked there.

The latest report comes from Covington, a letter being received today by Chief of Police Roper from G. H. Loebker, Jr., of that place, in which he acknowledges that he was a victim. There, the checks were for \$12 each signed with the name of a concrete contractor. Mr. Loebker gave a good description of the negro calling himself Charlie Bennett and said that he believed they were Covington negroes.

Since their work here Saturday night no trace has been found of the negroes. Every neighboring town has been notified of their game and it is hoped that they will soon be arrested.

## BOY TORTURED BY AWFUL HUMOR

Almost Covered with Eczema—No Night's Rest for Nearly a Year—Feared Lifelong Disfigurement—All Treatments Failed and Limit of Endurance Seemed Near.

### PERFECT RECOVERY IS DUE TO CUTICURA

"With the exception of his hands and feet, my son Clyde (thirteen years old) was almost completely covered with eczema. Physicians treated him for nearly a year without helping him any. While they were very kind and did all in their power, yet nothing seemed to relieve him. And I had tried many remedies sent to me by kind friends but they all failed. His head, face, and neck were covered with large scales which he would rub until they fell off. Then blood and matter would run out and that would be worse. Many a time he looked as if his ears would drop off. Friends would come to see him and that if he got well he would be disgraced for life.

"When it seemed as if he could possibly stand it no longer, I decided to try Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Resolvent, and used them in the evening and that was the first night for nearly a year that he slept. This may sound exaggerated to you, but in the morning there was a great change for the better. In about six weeks you could not have told that he had ever had anything wrong with him. I treated him twice a day for six months and at present he has a fine complexion and not a scar on his body. This story may seem overdrawn, but neither words nor pen can describe Clyde's suffering and how he looked. Our leading physician, Dr. J. H. C. Smith, of the Cuticura Remedies for eczema. Mrs. Aiky Cockburn, Shiloh, O., June 11, 1907."

Frequent shampoos with Cuticura Soap and weekly dressings with Cuticura stop falling hair, remove crusts, scales, and dandruff, destroy hair parasites, soothe irritated, itching surfaces, stimulate the hair follicles, supply the roots with nourishment, loosen the scalp skin, and make the hair grow upon a sweet, wholesome, healthy scalp, when all other remedies fail.

### DANGER IN DELAY.

Kidney Diseases Are Too Dangerous For Hopkinstonville People To Neglect.

"The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, numbness, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Hopkinstonville.

Miss L. A. Hester, 826 North Main St., Hopkinstonville, Ky., says: "I believe that there is little need of anyone suffering the tortures of backache when such an effective remedy as Doan's Kidney Pills can be procured at L. A. Johnson & Co's drug store. The prompt and thorough relief which followed their use in my case has given me abiding faith in their merits. In the summer of 1906, I was suffering greatly from a soreness and lameness across the small of my back and other difficulties arising from a weakened condition of my kidneys. Two boxes of Doan's Kidney Pills was all that was required to free me from the distressing pain in my back and restore my kidneys to a healthy condition. I recommend Doan's Kidney Pills and now at the end of four years I still hold the same good opinion of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's—and take no other.

## NO GAME ON SUNDAY

ORDINANCE IS PASSED BY THE CITY COUNCIL

Further Time is Wanted on the Sanitation Question.—Committee To See Board.

(From Saturday's Daily)

At an adjourned meeting of the city council which was held last night, sanitation and Sunday baseball were the matters that consumed practically the entire session.

The notification of the board of health that sewage must not be dumped into Little River after August 26 was discussed at length. The majority of the council believed that the board had not given sufficient time, and the corporation committee was instructed to confer with the board with a view to securing an extension of time and of settling the sanitation question if possible without litigation. The committee will make its report at the regular meeting of the council which will be held next Friday night.

Sunday baseball was probed by councilmen and citizens who appeared to protest against the sport on the Sabbath. One proposition was that the council should pass a resolution calling on the authorities "to enforce the Sunday law." Mayor Meacham showed that there was nothing in the statutes to prevent the playing of baseball if no admission was charged, and that the Kentucky courts had so ruled. He said it was not in his power to regulate the moral ideas of anybody except as the law provided, otherwise, he would stop cigarette smoking and Sunday fishing. The only way, he said, to get at the matter was to pass an ordinance. On motion, this was unanimously done, and the ordinance makes it a punishable offense to play baseball on Sunday either for amusement or profit.

The council formally accepted the Seventh street bridge, and the Champion Bridge company was paid \$750 cash and a note executed for the balance due.

## SLICED OFF NOSE

(From Saturday's Daily)

It was the green-eyed monster that prompted Lula Wills, a dusky damsel, to sharpen her razor and make a call on Mattie Edwards, last night.

It was for social, and not shaving, purposes that she carried the blade with her. She knew Mattie only too well, and was determined to cut her acquaintance.

Mattie was at her home in Hubardsville, Lula called her out into the road and, with little warning, got busy with the razor. She sliced off the end of Mattie's nose, and remarked, playfully, "I guess you'll quit sticking dat into mah business."

Then she swiped a long gash on the Edwards woman's cheek. Neighbors interfered in time to prevent a tragedy. Dr. Woodard was telephoned for, and he sewed on the end of the victim's nose and stitched up the gash in the cheek. In the meantime, Lula vanished. The police are looking for her with a warrant charging "cutting and wounding with intent to kill."

### Thousands Have Kidney

#### Trouble and Never Suspect It

##### Prevalence of Kidney Disease

Most people do not realize the alarming increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

#### What To Do

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage.

It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

## Roycroft Philosophy

Written in a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget

The less you require looking after, the more able you are to stand alone and complete your tasks, the greater your reward. Then if you can not only do your work, but direct intelligently and effectively the efforts of others, your reward is in exact ratio, and the more people you direct and the higher the intelligence you can richly lend, the more valuable is your life.

Never carry matches loose in your pockets—have a material match-box.

Never use letter paper or envelopes to figure on or for memoranda—it shows you do not realize that the first requisite in business is economy. The same rule applies to burning of lights that are not needed; whether there is a meter or a "flat rate" makes no difference—avoid waste.

Do not argue with customers, nor contradict them.

The man who endured everything from rude customers and got even by selling them a bill may not have been actuated by the best motives, but his general policy was right.

Always be circumspect and courteous. Bear the faults of some, the impoliteness of others, and pardon everybody sooner than yourself.

Responsibilities gravitate to the person who can shoulder them, and power flows to the man who knows how. Don't worry.

The habit of borrowing small sums of money—anticipating payday—is a pernicious practice and breaks many a friendship. It is no kindness to loan money to a professional borrower.

Don't touch pencils, pens, erasers or papers on another man's desk, unless he is there. The Golden Rule applies well here, as elsewhere.

The love you liberate in your work is the only love you keep.

The man with a debt he could not prevent, caused perhaps by sickness, should go frankly to his friend or his business chief. Shun the money loan shark as you would contagion. Poverty, discouragement, temptation, too often crime, are the fruit of that sort of "confidential" financing.

## Kentucky State Fair Program and Special Prizes to Be Offered.

The very handsome sum of \$25,000, supplemented by special prizes amounting to \$5,000 will be offered in premiums at the sixth annual Kentucky State Fair to be held on its new grounds and in its new home the week of Sept. 14 to 19 inclusive. In nearly every department the prize money has been materially increased over past years, and as a consequence the most attractive and liberal classification ever presented by a fair south of the Ohio river is offered to prospective exhibitors. In the horse department the prizes are 30 per cent greater and in the mule and jack departments 25 per cent in excess of last year's list, and still a more liberal increase in the poultry and swine departments.

Among the special prizes listed are two handsome trophies presented by the Louisville Automobile Clubs, one for the best American carriage animal to be judged by the standard of classification provided by the United States Department of Agriculture governing the exhibit of carriage horses at the various State Fairs and Expositions of the country, and one for the best pair of mules owned by a Kentucky exhibitor. The latter in addition to its value and attractiveness is something in the way of a novelty, in that it is offered by an automobile organization for an animal who the world knows to be its strongest competitor in trade.

Other specials are the Highland Home Cup, valued at \$100, offered by Gay Bros., of Pisgah, Ky., for the best and finest saddle-bred foal of 1908; the Montgomery Chief Special, offered by Ball Bros., Versailles, Ky., for the finest and best stallion, mare or gelding, any age, by Montgomery Chief; a trophy offered by the American Saddle Horse Breeders' association for the best registered stallion or mare not over three years of age and to be shown in hand; a cup by Poshan Stock Farm for the finest stallion, mare or gelding; a \$500 cup by Smyser Bros., of Lyndon, Ky., for roadster championship, and a trophy by John M. Sharp of Louisville for the light harness championship; the Dr. McChord cup given by W. P. Hayes of Bloomfield, Ky., for senior herd of jack stock; and American Jack Breeders' Association Special for junior herd of jack stock; the lump sum of \$500, donated by the American Shorthorn Cattle Breeders' Association for prizes for Shorthorn cattle, and a like amount by the American Hereford Association for prizes for the Hereford breed; \$125 offered by the Louisville Tobacco Warehouse Company for special prizes for tobacco; and a grand silver loving cup presented by the American Berkshire Swine Association for the best young herd of Berkshires exhibited by a Kentucky breeder; and numerous specials for farm products offered by

### HEADS OF DEPARTMENTS.

The seventeen departments have been placed under the management of the various members of the State Board of Agriculture, as follows: M. C. Rankin, Frankfort, Poultry and Pigeons, Horticulture, and Plants and Flowers; M. A. Scovell, Lexington, Dairy Cattle, Sheep and Goats, and Collie Dogs; G. N. McGrew, Bayou, Woman's Department, Farm Implements and Machinery; W. R. Moorman, Jr., Glendene, Beef Cattle; Guthrie M. Wilson, Bardstown, Horses, Mules and Jack Stock, and Speed Department; Caldwell Norton, Louisville, Swine; Desha Breckinridge, Lexington, Education; William Adams, Cynthiana, Vegetables and Melons, Field Seed and Grain, and Tobacco; John C. Mayo, Paintsville, Minerals and Forestry.

The small farmer or breeder should not fail to enter his products at the Kentucky State Fair. He often thinks there will be so many entries that he would not have a chance for a prize. His neighbor thinks the same. They then feel aggrieved when they go to the fair and see someone walk off with a ribbon won on some specimen much inferior to what they own.

For catalogue, entry blanks or other information, write J. W. Newman, Secretary, 320 Paul Jones Building, Louisville, Ky.

## WILL FIGHT CANNON

REPORTED THAT ACTIVE CRUSADE WILL BE STARTED

Methodists Desire the Defeat of Uncle Joe as Speaker of the House of Representatives.

BALTIMORE, Aug. 15.—The Methodist Episcopal church has begun an active crusade for the election of a speaker of the national house of representatives "who will allow congress to vote on the inter-

state liquor shipment bill." The church, which has over three millions of communicants, has created the Temperance Society of the Methodist Episcopal church, with authority to represent the denomination in all temperance matters. An official address has been issued to all members of the denomination asking their co-operation. The "shipment bill," which has been pending in congress for at least five years, does not seek to impose prohibition on any locality, but provides that liquor shipped from one state to another shall immediately upon crossing the boundary become subject to the laws of the state into which it is consigned.

"The speaker of the national house of representatives," says the address, "absolutely controls its proceedings. He is opposed to this legislation and has used the power of his office to hold it in the judiciary committee, appointed by him, on the alleged ground that it is unconstitutional."

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. ## TOBACCO NOTES

The dullness of the tobacco market continued during the past week. Trading was very light and there seems to be no disposition upon the part of the large consumers to make purchases in quantities at present, though the local buyers say they are ready to fill orders as fast as they are received.

With the Planters' Protective association the sales for the week were only 40 hogsheads, the prices secured on these being up to the schedule asked by the organization. Receipts for the week were 33 hogsheads, making a total for the year of 6,584 hogsheads. Some regrading was done during the week.

With the Society of Equity the sales were only 12 hogsheads, all of this being leaf, for which the prices ranged from \$10 to \$12. No receipts were reported.

The growing crop is rapidly approaching maturity and some of the most advanced will probably be cut during the coming week. Favorable weather during the past few weeks has brought the tobacco out wonderfully and the heavy dews of the nights are giving it the desired weight. It is expected that the crop will be an unusually fine one.

A report which could not be verified from official sources, but which has been commented on at length, is to the effect that the Imperial tobacco company, has made a tentative bid for the 1908 crop in this and possibly other counties, provided it will be delivered to them loose.

The heaviest slump of the season in the business of the Planters' Protective association throughout the Dark Tobacco district is shown by Auditor Scales report for the week ending Aug. 8. This report shows sales of only 400 hogsheads for the week, with two markets missing, which it is estimated would bring the total up to possibly 600 hogsheads. Despite the heavy falling off, the prices put on the tobacco by the organization are being steadfastly maintained and the farmers claim they will hold their tobacco until these prices are realized. In the face of the letter from Martin J. Condon, president of the American Snuff Co., stating that there was no collusion upon the part of that company with any other for the purpose of discontinuing the purchase of tobacco and thereby bringing about a state of dissatisfaction among the association members, the fact that the heavy buying stopped so suddenly and so generally is being commented on.

The report of Auditor Scales for the week ending Aug. 8 is as follows:

	Hbds	Total
Springfield	7,883	
Clarksville	140	6,886
Guthrie	98	3,010

## COW WAS DROWNED

Under Very Unusual Circumstances Near Honey Grove.

John Marshall, of near Honey Grove in the eastern portion of the county, lost a fine cow recently under circumstances very much out of the ordinary.

The cow fell into a ditch in such a manner that she was unable to extricate herself. The cow's body filled the ditch so completely that a small stream of water which was barely sufficient to trickle along the channel, was dammed and began to rise. The little stream was assisted by a rain and the water rose until it reached the cow's head and she was drowned.

## PUBLIC INVITED

To Witness Installation of Officers Next Sunday.

On last Sunday night, at a meeting called especially for the purpose, the Goshen Cumberland Presbyterian church of Fairview, Ky., elected the following additional officers to the eldership: R. F. Vaughan, Wm. Layne, Raymond Yancey and M. A. Gant. For deacon, Wisdom Fulcher; for clerk, John W. Wilkins. It was also directed that these officers be publicly ordained and installed on next Sabbath. This congregation is very anxious to get everything in fine working condition before the meetings of presbytery and synod. The Sunday school and Christian Endeavor society, under the efficient leadership of Bro. E. H. Wade and Miss Mary Layne, respectively, are reported in fine condition, and altogether the outlook for this historic old church under the control of this newly-elected board of officers is more promising. Friends and members of Old Goshen far and near are cordially invited to be present at the preaching and public installation at 11 o'clock on August 28, 1908.

## JUDGE COOK AND ATTORNEY SMITH ARE VINDICATED BY GRAND JURY

NIGHT RIDER CHARGES ARE DE-  
CLARED GROUNDLESS

### CARD FROM THE PROSECUTOR

Goes Into Details as to His Con-  
nection With Outlaws' Trial.—Will  
Run Again.

MURRAY, Ky., Aug. 17.—The grand jury of Calloway county brought in a report exonerating Judge Cook and Commonwealth's Attorney Smith from having any relation with Night Riders. The grand jury made a thorough investigation of rumors connecting the two officials with the outlaw bands that have terrorized southwestern Kentucky for some time, at the suggestion of Judge Cook. After the report the special term of the Calloway circuit court adjourned. A few hours after adjournment a barn was burned in the county. The fire was attributed to Night Riders.

The report of the grand jury is as follows:

"We, the grand jury of Calloway county, August, 1908, have investigated the reports regarding Judge T. P. Cook and Commonwealth's Attorney Denny P. Smith concerning night riding and have found it to be absolutely false and no truth in it. This we find after investigating thoroughly."

"S. C. HOLCOMB, Foreman." For the first time since the grand jury began its investigation Prosecuting Attorney Denny Smith made a statement regarding the report connecting him with the Night Riders. Mr. Smith says politics in at the bottom of it. It was not his purpose, he said, to again seek the office, but recent developments make it necessary. His statement is as follows:

"I am contented as a rule to transact the people's business in the courthouse, and to let my official acts speak for themselves; but in view of the fact that criticism of my official conduct has been so severe as to result in a grand jury investigation, it becomes incumbent upon me

DENNY P. SMITH

to depart from my usual custom and to make a public statement.

First, I desire to say that I am not a detective. If the duties of my office had required me to be I should have never asked for it. If the law were to be so changed as to require that I now become a detective along with my other duties I should immediately resign.

Since the first outbreak of Night Riders in my district I have labored with every grand jury and done all that I could to have indictments returned against the Night Riders, when proof, in my judgment, justified an indictment. When the proof did not justify it, in my opinion, I have unhesitatingly advised the grand jury not to indict.

In one instance, in a special investigation of the raid upon Hopkinsville, one witness swore that to the best of his knowledge and belief he saw a man named Crenshaw in the Hopkinsville raid, and that was all the proof against him. I advised the grand jury not to indict, and they did not. For that I was harshly criticised in Hopkinsville. And the governor, in a message to the legislature, criticised both me and the grand jury.

#### The Crenshaw Case

A subsequent grand jury without consultation with me, indicted Crenshaw upon the same proof. When the case came on for trial the same witness for the commonwealth swore the same thing he had always sworn, viz., to the best of his knowledge and belief he saw Crenshaw in

the Hopkinsville raid. That was all the proof. I at once, in open court submitted the case and requested the trial jury to return a verdict of not guilty, which they did. I have heard no criticism of that action, because my acts were seen and known of by all. But before that neither the people nor the governor gave me credit for any honest purpose.

In Hopkinsville, as I now remember, six indictments charging persons with night riding have been returned by the grand juries, including the case of Crenshaw, above mentioned. Four of those cases have been tried and acquitted. In each case the only proof of the commonwealth connecting the defendants directly with the crime charged was the testimony of a single witness, who claimed to recognize the defendant, in some cases with a mask, in others without it, but all in the night time. In three or four cases the commonwealth had no circumstantial facts at all against the defendant. In the other case the circumstances proven amounted to only a suspicion of guilt. Each defendant made a strong defense. Hence I say that under the proof in those cases no just criticism can be made of the verdict of the jury in either case.

#### Made a Conviction.

At the same term of court in Hopkinsville I tried and convicted a man named Wood for sending a threatening letter, and his punishment was a fine of \$100 and three months confinement in the county jail. Only one other Night Rider case has been tried, and that resulted in a hung jury at Murray. In Trigg county nine persons have been indicted for night riding and two for sending threatening letters. About fifty persons have been indicted in Calloway county.

With the investigations made by fire marshal, with the soldiers here, with detective work said to have been done, and with all the investigations made by the grand juries since these disorders began, no other cases have ever been brought to my attention except in a few instances where parties have been held over to the grand juries by inferior courts and not indicted, and some cases in Lyon county, where the grand jury failed to indict upon the uncorroborated confession of an accomplice. All the said cases now in Lyon and other counties indicted by the grand juries were continued and the defendants each held on their bonds for their appearance before the next grand jury.

The fact that these offenders select the darkness and wear masks has been the chief trouble to the courts. The courts have been further hampered by the fact that these crimes have grown out of an industrial war. One side not being inclined to give proof at all and the other side insisting upon vague and uncertain proof. Neither side treating the courts fairly, those anxious to prosecute often hamper the impartial administration of justice as much as those not inclined to give evidence. But notwithstanding these conditions, when proper proof of guilt can be had, juries can be found who will convict and send Night Riders to the penitentiary in my district in perhaps as large a percentage of cases as they do murderers.

#### Charges Maliciously Untrue.

As for the charges against me, they are untrue and in many instances maliciously untrue. Much of the criticism has come from honest people because I have failed to look at things under their feelings of passion. Many say to me now is the time to become a Joe Folk, little dreaming that their appeals to my selfish ambition only cause me to pause and to more critically weigh everything which comes through the efforts of the impassioned and excited in order to make more certain that only the guilty are punished and that the innocent are not drawn into the vortex of the turmoil and punished like the guilty. I am not old, but have been too long in public service to be easily swept off my feet. I desire to prosecute the guilty and to protect the innocent. I regret that my honest critics do not see things as I do.

Into the teeth of my mercenary critics I hurl defiance. If any of them are after my political scalp they shall have a chance to get it. I am a candidate for re-election. I have been for the last six months considering the question of retiring from public life, and resuming the private practice of my profession. I am now compelled to submit my official record for a verdict from my constituents. I want a free verdict of all the people in a primary elec-

## GREWSOME CARDS DENIED THE MAILS

The postal department has ruled that the post card showing the bodies of four negroes lynched at Russellville on August 1 hanging to the tree, is not mailable.

The post cards have been sold by the hundreds since the lynching. Assistant postmaster Gus. Breathitt secured one of the cards and sent it in to the postal department at Washington and requested a ruling on it. This morning he received the following letter which in no uncertain terms denies the rights of the mails to the postal card. The letter reads:

Post Office Department  
Office of the  
Assistant Attorney General  
Washington  
August 13, 1908.  
Postmaster, Hopkinsville, Ky.  
Sir:—In answer to your letter of the 8th instant, to the Fourth Assistant Postmaster General, Division of Dead Letters, you are advised that the post card representing the lynching of four negroes is unmailable, and you are requested to forward to THIS office any such cards that may reach your office.

Please advise me where the card sample of which you submit is being mailed.

Very Respectfully,  
R. M. Webster,  
Acting Assistant Attorney General.

## FALLS FROM CLIFF

The remains of St. Acre Beshears, a North Christian farmer, aged 65 years, were laid to rest at Macedonia on Friday. He died Thursday, according to the Madisonville Hustler, from injuries sustained about a week ago and on account of his advanced age it was recognized that recovery was impossible from the time he was injured.

Mr. Beshears was a cripple and lived about three miles from Dawson Springs in Christian county. He was in Dawson about a week ago on business and while returning home fell off a cliff 40 feet high, sustaining injuries which resulted in his death. He was an old Federal soldier, having participated in many important battles of the civil war. He leaves several children.

Prof. J. G. Crabbe, superintendent of public instruction, has ruled that only 100 children of each school age will be recognized in any school district, and when more than 100 are listed the additional per capita will be used to extend the school term beyond the specified time. This will give several school districts a longer term than usual. In fifty counties returns have been made by

the county superintendents showing districts in which there are more than 100 children of school age.

## HOPE OF RECOVERY

BUT THE HON. ROGER Q. MILLS IS VERY ILL.

BALTIMORE, Aug. 14.—Former Senator Roger Q. Mills was operated upon. The operation was declared to be successful. It was added that while the ex-senator is a very sick man there is every hope of his recovery despite his advanced age and the delicate nature of the operation. He is 76 years of age.

Former Senator Roger Q. Mills, of Texas, a native born Kentuckian, served twenty-seven years in congress at a period when the Democrats were often in power and contributed toward much of the wise legislation passed in the Cleveland administration and the Democratic congresses controlled by that party. His specialty was the tariff and as chairman of the ways and means committee he framed the Mills bill in the fiftieth congress, where the senate killed the measure because of its sterling Democracy.

## BOY ACCIDENTALLY BLOWS SISTER'S BRAINS OUT WITH A SHOTGUN

Weapon Had Just Been Returned By Their Uncle, Who Had Borrowed It—The Mother of the Children Lies in Critical Condition From the Frightful Shock.

From Friday's Daily)

A lovely little girl, her head nearly blown from her body, a brother begging piteously for his sister to come back to life, a mother prostrated from the dreadful shock and in a critical condition, and a broken-hearted father, these are some of the results of an accidental tragedy at the home of James Mayton, a well-known East Christian farmer.

Yesterday afternoon, Mr. Mayton came to Hopkinsville on a business trip, and his wife went to the home of William Walker, several miles distant, to make a call. Three children, two girls, aged eleven and seven, respectively, and a boy, aged nine, were left at home. The Maytons live seven miles from this city on Squire Joe Moseley's place. About two o'clock, a brother of Mrs. Mayton, brought home a shotgun which he had borrowed and left it in one of the rooms. Walter, aged nine, and his sister, Beela, aged seven, secured the weapon and were playing with it, the other little girl looking on. Beela had hold of the muzzle of the gun which was pointing in a few inches of her head. Walter accidentally pulled the trigger. A load of birdshot entered the little girl's head, just below her ear and, passing through her brain, blew off

the left side of her face. She fell dead to the floor. The elder girl ran screaming from the room and to the residence of Mr. Moseley five hundred yards away and informed them of the terrible occurrence. Telephone messages were sent to physicians and to Mr. Walker's for Mrs. Mayton to return home, and a messenger was started on a horse for Mr. Mayton. Mrs. Mayton, in a short time, reached the house. At the sight of her child's dead body, she screamed and fell in a swoon. Dr. Petrie, of Fairview, administered on her, but it was over an hour before she regained consciousness, and the physician stated that her condition was serious. Mr. Mayton was met on the road as he was returning home and the news was broken to him. He is prostrated. Little Walter was found in the room with his dead sister. "O," he cried as neighbors entered, "I would kill myself if I only knew how." The accident is one of the most distressing that ever occurred in the community, and the tenderest sympathy of every one goes out to the family in their untold sorrow. This afternoon at one o'clock, the funeral of the victim took place at the Mayton home. The remains were interred in the Gray burying grounds.

## RIFLEMEN HURT

CINCINNATI, O. Aug. 14.—Five of the Kentucky rifle team, en route to Camp Perry to participate in the national rifle match, were severely injured today when the train ran into a bumper at Union station. None is fatally hurt. One of the victims is Jackson Morris, assistant secretary of state. The team left Frankfort, Ky., yesterday.

The governor made a short speech to the members of the team before

they boarded the train, telling them that the best wishes of every Kentuckian go with them and every Kentuckian thinks that they will win all prizes to which they are eligible. There was a larger crowd than usual at the depot this morning to see the soldiers start.

## DEVELOPMENT IN KENTUCKY

HENDERSON, Ky., Aug. 14.—Judge C. C. Givens and I. Bailey, of Madisonville; George H. Cox, of Owensboro, and C. F. Klidner, president of the commercial club at this place, held a meeting and discussed the arrangements for the annual meeting of the Kentucky State Development association, which will be held in this city in October. Mr. Bailey has consented to prepare an address on "Mines and Mining in Western Kentucky" and Judge Givens will prepare a paper on the manufacturing interests of Western Kentucky. The Henderson Commercial Club will entertain the visitors. Visitors are expected from Uniontown, Madisonville, Owensboro, Hopkinsville, Earlinton, Bowling Green, Paducah, Mayfield and many other towns and cities in this section of the state.

Hopkinsville, Ky.,

Aug. 18th, 1908.

HON. C. O. PROWSE,  
County Judge,

And  
HON. JOHN C. DUFFY,  
County Attorney.

Gentlemen:—You and each of you are hereby notified that I will on Tuesday August 25th, 1908, at Frankfort, Ky., make application to the board of prison commissioners for the parole of one George G. Griffin convicted at the September term 1903 of the Christian circuit court of the crime of manslaughter, and sentenced by said court to ten years confinement in the state penitentiary at Eddyville, Ky. Said prisoner was received on October 31st, 1905 and his department has been good.

JOHN FELAND Atty.

Fired at Train.

A negro who had been put off of the Hopkinsville accommodation at Salubria Saturday night, because he had neither ticket nor money, emptied his pistol at the train as it started off, says the Pembroke Journal. The train was stopped and the train crew got their revolvers in action. Probably twenty shots were fired, but so far as known the negro was not wounded. One bullet from the negro's gun went entirely through the baggage car, another through the negro car, and a third lodged in the smoker. It is almost a miracle that some one was not hurt.

## AT HIGHER COURT

MOSELEY'S GUILTS WILL BE DETERMINED FOR ETERNITY.

Only Negro Who Escaped Punishment in Famous Pembroke Murder Case Dies at Madisonville.

Ed Moseley one of the nine negroes whose trial for the murder of an unknown white man near Pembroke a few years ago caused such a wide sensation, died in Madisonville last week. The body was carried to Pembroke and buried there.

Moseley was the only one of the negroes who escaped punishment for the heinous crime. Of the other eight, George Holland was hung and the other seven went to the penitentiary where Dick Carney, the arch conspirator, soon afterward died of consumption. Moseley escaped by turning state's evidence. He said that he did not know of any plot to kill the sleeping stranger and when the crowd of negroes went down into the woods ostensibly to play cards, that he, Ed Moseley, Chas. Finch and Bill Garrott kept on down the road while Frank Sherman, Frank Massie, Dick Carney, George Holland and Frank Meriweather sent into the woods and slipped up behind the sleeping man. Moseley said the four in the road saw the murder committed; they saw Frank Meriweather strike the deadly blows with the axe handle and George Holland jump on the quivering body and cut the throat.

This same testimony was given by Ed Holland, Bill Garrott and Chas. Finch but the jury sent them all three to the penitentiary for life, Moseley being the only one who was not prosecuted.

By the way, Attorney John Feland received a letter from Bill Garrott some time ago wanting to know if there was not some way in which he could secure his release from the penitentiary. There was no way known and he will doubtless have to continue to work until death ends his sentence.

## THE CORN CROP.

It has not been so long since western farmers were burning corn for fuel. Now it is selling at \$1 a bushel out there. The corn crop for the last six years has been large, 2,523,000,000 bushels in 1902, 2,244,000,000 in 1903, 2,467,000,000 in 1904, 2,707,000,000 in 1905, 2,927,000,000 in 1906, the largest on record, and about 2,500,000,000 in 1907. Yet there is a shortage. It is estimated that there is not more than 2,000,000 bushels of last year's crop outside of that in the farmers' cribs, and usually there is not much in the cribs at this season of the year. Corn at 90 cents, or a dollar, gives western meat packers an excuse for raising the price of beef. If they didn't have this excuse they would probably raise the price anyway. This year's crop of corn is estimated at 2,700,000,000 bushels. This should mean a reduction in price. The crop will be large enough to meet domestic needs, and perhaps supply European demands. But the demand is growing larger every year. Only twice before 1900 had the crop ever reached 2,000,000,000 bushels. What has become of last year's surplus? Has it been shipped abroad?

Kansas this year is a vast cornfield, and the yield will be enormous. It is either a feast or a famine with Kansas. This year the season has been propitious, and the crop is tremendous. A Kansas cornfield in a favorable year is a revelation. The crop is good throughout the great corn belt, which includes Ohio, Indiana, Illinois, Missouri, Kansas, Iowa and Nebraska. In 1903 the corn yield of these states was as follows: Ohio, 148,000,000 bushels; Indiana, 138,000,000; Illinois, 347,000,000; Iowa, 373,000,000; Missouri, 228,000,000; Nebraska, 249,000,000; Kansas, 185,000,000. Of the southern states the three largest corn producers were Texas, 165,000,000 bushels; Kentucky, 105,000,000; Tennessee, 86,000,000. The next highest were Georgia and Arkansas, with 65,000,000 each. Oklahoma produced 60,000,000 bushels, and Indian Territory 48,000,000. As these two now con-

Newly confirmed as a union printer, Mr. Bryan should hasten to set 'em up.

## STANLEY'S RACE.

We understand there is talk of the Republicans carrying the Second district in Kentucky this fall and beating A. O. Stanley for re-election. We ever heard one man say he would bet \$500 on the result. But he didn't. When it came to putting the money up he changed his mind. He was no fool, and knew better than to throw away his money. He still says he thinks Stanley will be beaten, but he does not think it \$500 worth. The Republicans have about as much chance of beating Stanley as they have of carrying Alabama for Taft. Both are possible; that is all Stanley has a personal following that stand by him through thick and thin in any kind of weather. Stanley would be hard to beat at any time—Frankfort News.

Henderson's two newspapers should be heartily ashamed of allowing a weekly periodical published almost two hundred miles away so thus "scoop" them on local news. However, the authenticity of this "news" indicates that it must have originated two thousand miles away. We confess of having heard this "rumor" from republicans sources, but were waiting for verification from Hot Springs, via Oyster Bay or Washington. The verification seems to have lost in transit and a tracer fails to find it.

Doesn't it appear strange that a doomed man like Mr. Stanley should spend these hot days campaigning for "Bob" Thomas in the Third district in stead of repairing the alleged breaks in his own fence? According to information gleaned from sources nearer at home, Congressman Stanley is as safe for re-election as his co-campaigner from the Gibraltar district, who recently refused the vice-presidency.—The Henderson Journal.

It does not seem just right for both of the leading candidates for the presidency to keep favoring publicity at a time when they are joining secret societies.

## THE CAUSE OF THE RIOT.

The state's attorney of Sangamon county says of the riot there:

"It is a situation which has been approaching from ten years of unrestricted lawlessness, packed juries, and a studied refusal of the authorities having the power to secure the enforcement of the laws."

If his statement is compared with the experience of Evansville its accuracy can be readily granted. The riot here grew out of a similar conditions.

Refusal to enforce the law caused the race riot in Springfield, says the prosecutor of the county in which that city is situated. Contempt for the law caused the riot in Evansville.

This should be food for thought for those who have argued against law enforcement as it has existed in this city for the last three years. The very things that seem to them harmless, because they would not make harm out of them, lead in the end to riot bloodshed and general disaster.—Evansville Courier.

## ANNUAL REUNION

OF FEDERAL VETERANS WAS HELD AT CROFTON MONDAY.

One Thousand People Were Present.  
Oratory Was Uncorked And Good Things To Eat Were Pentiful

The annual reunion of Co. G. 17th Kentucky Infantry and Co. A. Third Kentucky Cavalry, of the Federal army during the civil war, was held yesterday at Crofton. Preparations for the event had been under way some time and the crowd in attendance yesterday was estimated to be not less than a thousand people.

Every old soldier who could possibly get to the ground was present and when the parade was formed there were sixty in line, several being prevented from marching because of advanced age or old wounds. The dinner, which was elegantly prepared and served and more than enough for the big crowd, was served on tables in the grove and barrels of ice water were on every hand. Eloquent speeches were made by Judge C. O. Prowse, Judge W. T. Fowler and Circuit Clerk Claud Clark.

The following resolutions were unanimously adopted by a rising vote. Crofton, Christian County Ky. August 17th, 1908.

At the regular meeting, this day, of the Associated Members of Companies "G" 17th Ky., "Infy vols," and "A" 3rd, Ky Cavy vols war of 1861-65, and affiliating comrades," the following resolutions were presented and adopted by a rising vote.

Resolved 1st. That more than 43 years having elapsed since following the flag to uphold the sacredness of the fundamental principles of our Republican government—as laid down by the constitution framed by the founders of this republic, we reassert our allegiance to that instrument, and the laws to uphold it; and that we are ever ready to defend the flag of our country as the emblem of equal rights and national unity.

Resolved 2nd. That the greatness and prosperity of our country and state are maintained by the enforcement of the laws, made for the government of the people, and by the people; therefore we urge upon all citizens of our country and state a strict observance of law, and a rigid enforcement of the law upon all violators; such action being essential to the safety of the individual to the security of property and the happiness of all; in the language of our old commander, "Let us have peace."

Resolved 3rd. That we will ever cherish the memory of our deceased comrades, that we realize the fact that it will be but a few years until all of us will muster with those gone before upon the parade ground of heaven; that it is with feelings of the deepest sadness we today miss the cheerful faces of comrades Virgil A. Hamby, John M. Cruse, Lawrence B. Armstrong and Sam McCord who answered "here"; this day one year ago, and to their loving friends we tender our sympathy and condolence.

Resolved 4th. That the thanks of this "Association" and affiliating comrades are due, and are now given to the good people of Crofton and vicinity for their kind hospitality, and our thanks and appreciation are also given to the speakers and others who have aided in this reunion, and made it so pleasant and enjoyable to all.

Resolved 5th. That we keep alive these pleasant reunions by meeting again on the first Saturday in October 1909.

Resolved 6th. That these resolutions be published in the Hopkinsville Messenger, Hopkinsville New Era and Hopkinsville Kentuckian.

By order of the Association.

## NEGROES WILL SUE.

CHICAGO, Aug. 18.—A concerted movement by the negro residents all over the state to retaliate for the attack on the negroes in Springfield has been begun. For the first time since the passage of a law in 1905, providing for the paying of \$5,000 to the heirs of any person lynched, this law is to be taken advantage of. Heirs of the men killed in the Springfield riot and the heirs of those who may die as a result of injuries sustained, will be entitled under the law to \$5,000. This act was passed by the legislature in 1905, having been introduced by Representative Edward H. Green, a negro representative from the Ninth district. It is known as the anti-lynching law, but never before has been applied.

## FELL FROM WINDOW

(From Tuesday's Daily)  
Ed Neblett, a tinner who lives in Cadiz, fell or walked out of a second story window at the Hill House last night and sustained painful injuries. He did not register until late at night and was taken to a room in the house across the street from the main building. After going to the room he fell out of the window and landed on the concrete walk which runs around the house.

He had nothing with which to secure medical attention and City Physician Harned attended him. Neblett was found to be considerably bruised up and was suffering some from concussion, but it is thought he will recover without serious trouble. Arrangements have been made to send him to Cadiz this afternoon. Neblett was at one time a patient in the Western Kentucky Asylum for the Insane.

## FOR GOOD ROADS

GOV. WILLSON ISSUES CALL FOR BIG GATHERING

Gov. Augustus E. Willson has issued a call for the gathering of delegates in Louisville for the formation of a permanent good roads organization. He has named Thursday, September 17, as the day for the meeting. The convention will be assembled in one of the buildings now being erected on the state fair grounds. On July 3, at Eminence, at the first good roads gathering ever assembled in Kentucky, a temporary organization was formed with H. A. Hanna, of the experiment station, as temporary chairman. The state was divided up into sections and a vice president named for each.

The chief work of the permanent organization will be to stimulate interest in the building of good roads. The organization will also conduct an active campaign all over the state for votes on the referendum providing for an amendment to the constitution that will afford financial means for the construction of highways. The constitutional amendment comes up for a vote before the people at the next general election in November.

## POLITICAL CAMPAIGN

WILL BE OPENED HERE NEXT SATURDAY.

E. T. Franks of Owensboro, Will Speak in the Interest of Taft And Sherman.

E. T. Franks, collector of internal revenue at Owensboro and one of the foremost speakers in the Republican ranks, will open the political campaign in the second congressional district with a speech at the court house in Hopkinsville, next Saturday afternoon at 1:30 o'clock.

The speaking is being widely advertised and boosted in every way by both the district and state Republican campaign committees and they say they expect a record-breaking crowd here on that day, as large delegations are to come from all the neighboring towns.

Since the date was announced there have been many rumors as to what Mr. Franks will have to say, but when questioned in this regard the speaker will refer at length to the troubles in the tobacco districts. This speech will be the opening gun in this part of the state in behalf of Taft and Sherman. Mr. Franks is well known here and has made several speeches here in past campaigns.

## JUDGE M. SAVAGE

PRESIDING OVER CIRCUIT COURT AT CLARKSVILLE.

Judge Tyler off on a Visit.—Strong Charge Was Delivered to Grand Jury Regarding Night Riding.

CLARKSVILLE, Tenn., Aug. 18.—The August term of the Montgomery county criminal court convened yesterday morning at 10 o'clock, Hon. M. Savage presiding as special judge in place of Judge Tyler, who has not returned from a visit to his daughter in Montana.

The following grand jury was impaneled: M. M. Hussey, foreman; Brad Martin, R. W. Bogard, G. K. Hale, W. H. Moore, W. B. Dunlop, R. H. Pickering, Nolen Russell, Elliott Backner, George Boyster, W. H. Pao, Polk Ewing and James Rutherford.

Judge Savage delivered a strong charge to the jury urging the fullest investigation of all violations of the law. He especially condemned the depredations committed in the county and the appearance of masked men upon the public highways, urging the most thorough investigation and suggesting the summoning of a large number of witnesses in the hope of obtaining evidence which may lead to indictments.

## THREE WOUNDED

CINCINNATI, O., Aug. 18.—Late Saturday night as crowds from the Coney Island boats were passing Fifth street and Broadway they were attracted by the screams of a girl struggling with a negro. Richard Lawler, of East Third street, went to her assistance and was stabbed in the chest and neck. Chas. Wilson, of 617 Main street, attempted to stop the negro and he also was stabbed and Nicholas Selheimer, of 410 West Eighth street, was struck with a blackjack. Alfred Hurt, 426 Sixth street, was arrested after spectators claimed he had done the cutting. Lawler, the most seriously injured of the two, was taken to the city hospital. His condition was improved Monday. Wilson went to his home and during the night dreamed of the fight in his sleep and leaped down a flight of stairs injuring himself so that he had to be taken to the city hospital.

Hurt was in the police court Monday and the cases against him were continued until September 8.

## CRITICALLY ILL.

Maj. James B. Garnett Reported to Be Rapidly Sinking.

Hon. James B. Garnett, of Trigg county, lawyer, orator and one of the greatest prosecutors that Kentucky has produced in thirty years, is dangerously ill of kidney disease and a complication of troubles at Dawson Springs and little hope is entertained for his recovery. He has been in wretched health for several months, but was recently removed to Dawson Springs, where it was believed he would be benefited.

News of Mr. Garnett's illness was received in Louisville today. He has scores of friends here and the fact that his illness is alarming came as a great surprise to them.

Few men in Kentucky are better known than Mr. Garnett. For more than twenty years he served as commonwealth's attorney in the Third judicial district and served in that capacity under Judge John R. Grace. As a prosecutor Mr. Garnett was said to have no equal in the state and the mere fact that he was to speak in an important case or make a political speech would serve to draw a tremendous crowd to any western Kentucky town. Once Mr. Garnett bested the late Senator Daniel Vorhees in a murder case tried in the circuit court, where the distinguished Indiana statesman appeared for the defendant.

Mr. Garnett has always been an active Democratic worker, but it was rare when he would consent to make speeches outside of his own immediate territory. In the last state campaign he was a member of the Democratic state campaign committee and was a frequent visitor here at Democratic headquarters. — Louisville Times.

## WITHOUT COATS

Men Are Invited to Church by Rev. J. T. Rushing, of Henderson.

The Henderson Journal says: The effort of Rev. J. T. Rushing, pastor of the First Methodist church, to have the male portion of his congregation and other men who wish to visit the church, to come to services in their shirt sleeves has not been taken advantage of as the minister would like. One man Sunday morning had the courage to act upon the advice, but he sneaked in and kept a back seat. Mr. Rushing still thinks that it would be sensible for the men to come to church without a coat and he will continue to advocate the idea and give the invitation during the summer months.

## To Bury His Baby Buddy Nichols Returns to Kentucky From Missouri

Whipped and Forced to Leave the State by Night Riders, He Comes Back on Sad Pilgrimage.—His Pitiful Story.

The Paducah Sun says:

With his sorrowing wife and a little white coffin, Buddy Nichols, an exile from Grand Rivers, passed through Paducah this morning on his way back from his new southern Missouri home to bury the body of his daughter in the ancestral burying ground.

Nichols' story of his "punishment" and exile shows how far the Night Rider movement which in its incipient stage was declared by fanatics to be "the work of God" that would benefit an oppressed people, has retrograded.

Nichols was not a tobacco grower. He had not even "talked too much," but so far as could be learned had always expressed sympathy for the farmers and encouraged them in their struggle to get a good price for their product. He was beaten and driven from home by men who sought to avoid the payment of just debts.

According to the story which was vouched for by a prominent citizen of Livingston county this morning, Nichols was the representative of the Singer Sewing Machine company in Livingston and Lyon counties. The company allows its agents to sell machines on installments and Nichols had placed a large number in his territory. Some of his customers who had followed the Night Rider leaders, who wear white scarves and black masks, conceived the idea that to whip Nichols and drive him from the country would relieve them of the payment due on sewing machines, foolishly overlooking

## PARDON OFFERED

WALKER DUNCAN WHO KILLED NEWT HAZLETT.

Governor Says He Has Investigated Case and Believes Duncan Was Defending His Home.

LOUISVILLE, Ky., Aug. 19.—While lying ill at Norton Infirmary, where he had undergone an operation, Walker Duncan, of Shelby county, who shot and killed Newt Hazlett, an alleged Night Rider, several weeks ago, received a letter from Gov. Willson, announcing that he would grant him a pardon for killing Hazlett if he preferred this to vindication in court.

The governor said he had looked into the circumstances and was satisfied Duncan acted in defense of his home.

This action is in line with the governor's recent proclamation as to the Bracken county situation when he said he would pardon any man who killed Night Riders in defense of his home.

One of the attorneys for Duncan said the pardon was not wanted, as he felt certain that Duncan would be acquitted on his trial. Another attorney thought Duncan should not be required to go to the expense of standing trial. The question is to be left entirely with Duncan and he can get the pardon by applying for it.

On account of the circumstances of the killing it is said that the governor would prefer a pardon in the case. He wants to show the people of the state that he will stand behind them and help and protect them when they resist raids by Night Riders. By issuing the pardon before the man stands trial it will show that when a man resists attacks by Night Riders he need not fear violence, either legal or illegal, but will be protected by the chief executive. It is said that a man could not secure a fair trial in some counties of the state if he should kill a Night Rider and the governor wants to show the people that they need not fear the law so long as they are within it.

## BADLY TREATED

BY SIX FELLOW PASSENGERS IN A BOX CAR.

Will Harkey, Colored, is Beaten Up, Robbed and Forced to Jump From Rapidly Moving Train.

Will Harkey, a negro who claims that Clarksville is his home, walked into town this morning about 4 o'clock and at once sought a doctor in order to have his lip, which was cut almost half in two, dressed.

The negro claims that he climbed into a box car on a Tennessee Central freight last night for the purpose of beating his way to this place. It was dark inside the car and he did not notice six white men who were already ensconced therein.

These men grabbed him, he says, searched him and took \$1.25 away from him, and knocked him down. After persecuting him to their satisfaction, Harkey says they forced him to jump from the train at a point about nine miles south of here while the train was running at about thirty miles an hour. He then walked into town.

The negro had certainly been badly used up. When he came into town he had to hold his lip in position with his finger, and four teeth were missing. No report of the occurrence was made to the police and nothing has been heard of the men who the negro claims assaulted and robbed him.

## STRANGE PHENOMENON

Flock of Seventy-five Wild Geese Pass Over Henderson Going West.

One of the strangest phenomenon ever witnessed in this city was the spectacle of wild geese seen this morning flying over the city in a westerly direction. There were about fifty or seventy-five of the fowls in the flock and they attracted the attention of several people on the street and caused a great deal of comment, as such a thing was never seen in the recollection of some of the oldest citizens. Some think that it was a forerunner of bad weather, but the consensus of opinion was that it was a strange occurrence, but farther than that no one could explain the mystery. — Henderson Journal.

## MEN WANTED

No Man Over 45 Need Apply

There's the sign that's getting to be a common thing in America. Corporations are retiring men at 50. They are not hiring anyone over forty.

A balded man often looks ten years older than he is.

A man with gray hair always does. It is important nowadays that a man look as young as he is; it is vastly important that a man having a family dependent upon him should take care of his hair.

If you have dandruff—get rid of it by killing the germs.

If your hair is falling out—stop it. If your hair is turning gray—don't waste any time.

There is one sure remedy that will cure these misfortunes and add you to remain young.

Parisian Sage, the great French Hair Restorer, is guaranteed to permanently remove dandruff in two weeks or your druggist will give you your money back.

Parisian Sage stops falling hair—it prevents the hair from turning gray. It is the best beautifier for ladies hair as it makes harsh, lusterless hair fluffy, soft and beautiful and is not sticky or greasy.

Parisian Sage is sold and rigidly guaranteed by Cook & Higgins. Price 50 cents a bottle. If you do not live near a druggist who sells Parisian Sage, send us 50c, stamps or silver, and we will send you a large bottle charges prepaid. Giroux Mfg. Co., Buffalo, N. Y.

## A FARMER'S VIEWS

EDITOR NEW ERA:—

The Christian County Farmers' Institute to be held at Salubria Springs, Aug. 21-22 deserves more than a passing notice from the taxpayers and farmers of this and adjoining counties.

The two days work has been divided into topics of utmost importance. On the first day the whole afternoon will be devoted to alfalfa. This topic has been subdivided and each division will be discussed by men who have had experience and made a success, and who are enthusiastic in their efforts to get others to sow alfalfa. There is no question about this being a splendid section for its growth, and that all of our lands that are well drained, with good red clay subsoil, will produce it finely. The afternoon of the second day will be devoted entirely to Good Roads. Mr. John C. Duffy, our county attorney, and Judge C. O. Prowse, have promised to have the county court attend and talk to the taxpayers about our good road system. Surely there can be no more important matter for the farmers than to find out how and where \$14,000 dollars was spent on roads in Christian county last year. That our old system is utterly worthless is the opinion of the people generally, and there can be no better time nor place to discuss this matter and devise some better system, than under those big trees in front of the Salubria Hotel.

At this meeting the selection of one or more delegates to the state institute must be made. The county delegates constitute our state institute, that selects our state board of agriculture, which board in the last few years has become a very important factor to the farmers of Kentucky.

The committee that arranged this program has tried to make it as useful as possible, and assures the people of this vicinity that they will make no mistake in attending this meeting.

A Member of Committee.

Competitive Examination.

By an act of general assembly of 1908, Christian county is entitled to four additional appointments to the State university this year.

An examination will be held at the county superintendent's office on Monday, Aug. 24, 1908, to fill these vacancies.

## AT EDDYVILLE

CIRCUIT COURT WAS BEGUN MONDAY

Judge Cook Delivered Lengthy Charge And Ordered Investigation of Report About Himself.

EDDYVILLE, Ky., Aug. 19.—Circuit court is in regular session here. As usual, the presiding judge, T. P. Cook, of Murray, opened court with prayer. His charge to the grand jury was of more than ordinary strength. The judge went into the question of night riding, ordered another investigation and urged the indictment of all persons of high or low degree whom the jury may have reasonable grounds to believe have been guilty of lawlessness in any form. He also charged the jury to investigate the rumored charges that he and the commonwealth's attorney had been identified with the so-called Night Rider movement, and asked, if proof were discovered, that they be indicted.

The sensation of the day was that the grand jury is going to investigate and probably indict certain cases where charges of bribery and attempted bribery have been circulated. It is understood this refers to persons who in their attempts to apprehend Night Riders have allowed themselves to overreach the limits of ordinary endeavor.

Capt. W. J. Stone is foreman of the grand jury and declares that no guilty man shall escape if it is possible to procure evidence against him. There are 110 charges of night riding to be investigated and consequently there is considerable interest in the situation. No indictments have been returned in this county heretofore.

EDDYVILLE, Ky., Aug. 19.—About 4 o'clock Monday afternoon, in front of L. P. Gresham's soft-drink stand, Private Crabtree, of Company H, state guard, of Hartford, stationed here, shot Joe E. Robertson, a painter, about 30 years of age. The shot was from a 30-calibre Smith & Wesson revolver and entered the mouth, knocking on four front teeth and ranging into the beginning of the base of the brain. The soldier fled with the utmost haste to the courthouse, offering no sort of assistance to the wounded man. He now says the shot was accidental, which seems to be true from the reports of those nearest the scene.

The greatest apprehension has prevailed in this community ever since the soldiers have been stationed here. A soldier accidentally discharged his gun Saturday in drill. While the people have been frequently alarmed this is the first casualty.

## COOLER WEATHER

Somewhat cooler weather and a desire to hear good music drew another enormous crowd to Central Avenue and Virginia street last night to the weekly outdoor band concert. People from the town and country gathered early and stayed until the last number was concluded. These concerts have certainly proven a great attraction and have shown to the people what a really excellent musical organization Lebkuecher's band is. The program last night was one of the best that has yet been presented.

## IN FEDERAL COURT

SUIT BROUGHT BY WOMAN  
AGAINST JOHN W. KELLY.

Claims That he Has Not Properly Accounted For Money That Belonged to The Plaintiff.

PADUCAH, Ky., Aug. 14.—Reviving a murder trial in Trigg county and involving John W. Kelly, the indicted master commissioner, and residents of Mississippi and Kentucky, a suit was filed in the federal court, the style of which is Louise Willis versus John W. Kelly and J. H. Hopson. The plaintiff is a resident of Mississippi and defendants are residents of Trigg county, Kentucky, where the scene of action is laid.

In the petition of the plaintiff it is alleged that John W. Kelly was executor of the estate of Mrs. Mildred D. Johnson, who left her property of Mrs. Bessie Willis, who in turn left the property to the plaintiffs, Ralph Robert, Mildred Willis and Louise Willis.

Before Mrs. Bessie Willis died, however, Kelly was employed to defend her in a murder trial in Trigg county, where she was acquitted.

Mrs. Willis was allowed two claims, one for \$2,434.44 and one for \$1,021.66 out of the Johnson estate. It is alleged that Kelly paid himself \$1,021.66 as attorney's fees, and never accounted for the rest of the state, but, on the contrary, asserts that he was given the claim of \$2,434.44 by Mrs. Willis.

This is the plaintiff's deny, and they assert that he wishes to sell the land of the estate to settle this alleged claim. They allege that he has leased the land to T. H. Hopson for three years for \$2,100.

John W. Kelly was formerly master commissioner of Trigg county and criminal proceedings of the commonwealth against him for misappropriating funds, called for trial there, were transferred to Paducah on the grounds that a fair trial could not be gotten in Trigg county because of Night Rider sympathy. The case has never been on trial.

## YOUNG WOMAN

Defends Her Moonshine Still Against Posses of Officers.

SERGEANT, Ky., Aug. 13.—United States Marshal E. M. Blair and a posse of deputies were put to rout by Miss Mars Fouts, known as the "Maiden Moonshiner." Miss Fouts is a plucky moonshiner, 27 years of age, at Beaver Creek near the border of Knott and Letcher counties.

The battle lasted about half an hour and more than sixty shots were exchanged.

The posse did not retreat until Deputy Marshal Hiram Day, one of their members had been seriously injured.

The woman occupied an advantageous position in a ravine overlooking the public roadway, near her still camp.

The government authorities have for a long time tried to arrest her but she has every time outwitted the officers.

This is the third time she has engaged them in battle. For eight years it is said she has been constantly engaged in moonshining and known far and wide as the "maiden moonshiner." She fought with a .44 calibre rifle.

## SUFFERED WITH ECZEMA 25 YEARS

Limb Peeled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary—Montreal Woman Writes of Cure Seven Years Ago.

BELIEVES LIFE SAVED  
BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, 'Try them if you like, but I do not think they will do any good.' At this time my leg was peeled from the knee, my foot was like a piece of raw flesh, and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Pills. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use it for his own patients. I used two cakes of Cuticura Soap, three boxes of Ointment, and five bottles of Resolvent, and I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. I have lots of grandchildren, and they are frequent users of Cuticura, and I always recommend it to the many people whom my business brings to my house every day. Mrs. Jean-Baptiste Renaud, clairvoyant, 277, Montreal St., Montreal, Que., Feb. 20, 1907."

## HAILED AS LEADERS

Wright Brothers' Success With Aeroplane Praised in France.

PARIS, Aug. 13.—The French press unites in spontaneous and enthusiastic praise of Wilbur Wright's performance with his aeroplane at Lemans, and unhesitatingly expresses the opinion that even in this short flight it was indubitably proven that the Wright brothers are the leaders in aerial navigation.

The average opinion is perhaps best summed up by the Figaro, which declares that it was not a success, but a triumph, adding:

"This decisive victory creates a revolution in the scientific world. 'This man Wright,' exclaims another writer, 'has conquered the air.'"

M. Bleriot, the monopolist, who witnessed the flight, frankly admitted that the Wright machine is far superior to anything yet invented. "But wait a little while," added Bleriot, "in a short time Wright will be equalled, perhaps surpassed for, aviation will make more progress than people imagine."

## "IN THE NAME OF THE LORD"

Negro "High Priest" Kisses Young White Girl at Newark, N. J.

NEWARK, N. J., Aug. 13.—John A. Heckerson, a negro, who calls himself the high priest of a band of his race in this vicinity, each of whom men and women, claims to be "the new Jesus," was arrested here today with William Hughes, a white man, who is the follower of the sect. Both are held pending an investigation of the order. Heckerson was arrested on the information furnished by the 14-year-old daughter of Hughes. She said that she, with her 6-year-old sister, and brother 13 years old, were taken to the local headquarters of the sect, a few days ago, by her father, and that she and the other children were detained two days, and that Heckerson, kissed her "in the name of the Lord."

William Smith, also a negro, and an apostle of Heckerson, was arrested and when they were arraigned today, Hughes hailed Heckerson as the Messiah, and said that Heckerson loved and kissed the children. Hughes was a telegraph operator in a signal tower of the New Jersey Central railroad.

## The A B C and X Y Z of ADVERTISING

A SERIES OF TEN TALKS ON ADVERTISING  
written by Seymour Eaton of Philadelphia No. 1

A story is told of a prisoner who called the judge a fool. The judge fined him \$10. He paid the fine but asked: "Do you fine people for thinking, your Honor?" The judge answered in the negative. "Well," he said, "I think you're a fool still."

If I should print my personal opinion of some big advertisers like as not I'd get fined; but it is perfectly safe to think.

If a traveler came to you and talked of the stuff which his house prints as advertising you would put him down at once as an idiot.

The talk is unnatural; sounding brass and a tinkling cymbal; unreal, insincere, dead. The reader feels that it isn't the advertiser who is talking; that there really isn't anybody talking; that the words are just printing.

Good advertising is good talk; the frank, honest kind that convinces.

An advertisement of one hundred words should make the reader think five thousand words; and herein is the whole secret of good copy. It isn't what you say that counts but the chain of thought which your advertising creates.

The more you fuss over your advertising copy the poorer the result. It isn't a job to stutter about or to apologize for or to burn midnight oil over. If you want to make an advertising hit all you need to do is to talk to the reader of the newspaper as you talk across the counter to a customer.

Two Irishmen chased a wild-cat up a tree. Pat went up to shake him off while Mike remained below to catch him when he fell. Both were successful, but Mike and the wild-cat were soon in a rough and tumble scrap below. Pat called out "Shall Oi come down an' help you howld him, Mike?" "Naw! Begorra, come down, Pat, an' help me let him go."

Advertising is a wild-cat up a tree. Once you have shaken him off, the problem of "letting go" is quite as difficult as the problem of "howlding on." But what you need in either case is nerve; and a reasonable assurance regarding the future.

It rarely pays to splurge. Make your appropriation deliberately and carefully. Prepare good copy. Advertise continuously; every day or at least every week. Your store is the seed or the plant. The advertising is the rain and the sunshine. You can't rush the growth. It may take weeks or months to produce flowers or fruit.

## BOGUS CHECKS PASSED BY NEGROES ON BUSINESS MEN OF HOPKINSVILLE

NAME OF LUCIAN H. DAVIS WAS  
FORGED

### HOW THE GAME WAS WORKED

All Make Their Escape, But Officer  
Miller Fired Shot at One  
of Them.

Thirteen, and possibly fourteen, bogus checks for \$12 each were passed on merchants of Hopkinsville Saturday night by two slick negroes who gave their names as Will Jones and Charlie Bennett. In each instance, the signature of Lucian H. Davis, the concrete contractor, had been signed to the checks, the forgery being a very poor one to any one who was at all acquainted with Mr. Davis' signature. On each of the checks was the statement "For concrete work."

Those who were victimized for one check each were C. B. Williams, J. W. Overby, E. Tanner, G. E. Carpenter, W. W. Littlefield, The Haddox and Max Raubold. In each of these places only one check was presented but in three stores the negroes worked together, each presenting his check and receiving the value thereof. Those who cashed two checks were The John Moany company, Jared Hawkins and R. A. Fuller.

At Virginia and Second avenue, Policeman Miller, who was on the lookout for the negroes, came very near catching the one called himself Will Jones. The negro had just come out of a store on that corner, the proprietor was still holding the check which had been presented to him in his hand. Policeman Miller heard enough of the conversation to know that the negro was the man he was after and he reached out to catch him but the negro darted around the corner, running over two men as he did so, and made his escape although the officer fired one shot at him.

The plan of procedure was about the same in every instance. One or both of the negroes would enter a store and make some small purchases and present the check in payment. In nearly every instance the paper was readily accepted and the balance was paid the swindlers in cash. Although they operated all over town the forgery was not discovered and the fact reported to the police until late in the evening and the experience of Mr. Miller was the only time the police had anything like a chance at capturing the offenders.

The same scheme is said to have been worked at Bowling Green and Clarksville recently and it is believed that the same negroes pulled off the game. In both towns the negroes signed the name of concrete contractors to the checks and claimed that the money was due them as wages.

The police here have notified the surrounding towns and are keeping a close watch locally and hope to land the negroes shortly.

## A Mild Laxative For Baby's Bowels

Doctor Points Out Dangers of Pills and Cathartics

"Salts, purgatives, and violent cathartics are dangerous when given babies, children or delicate women," says a well known doctor. "Neither should they be given medicines containing narcotics for stomach or bowel troubles."

It would be well for mothers to heed this warning and keep on hand a bottle of Dr. Caldwell's Syrup Pepsin for baby and herself and for any member of the family that has need of a laxative or a stomach remedy. It is safe and pleasant to take and has cured old people of chronic constipation and dyspepsia of many years' standing, and yet is harmless for a baby as many a happy mother can testify. It brings natural daily movements, sweetens the stomach, aids digestion and stimulates the torpid liver to proper action. The children like it. Late Weathers, the popular hotel man in Indianapolis, says: "The children like it. We all use it and would not be without it in the house." Mrs. Mattie Crouch, Tippecanoe, Tenn., cured her 5 months' old baby of indigestion with it. Mrs. Almon Willis, Jamaica, Vt., says it saved her baby's life. Mrs. A. B. Cunningham, Fresno, Calif., says she can't keep house without it. It cured her little son of rheumatism and stomach trouble.

Mrs. Flora Hebrew, Bow Creek, Kan., says: "Dr. Caldwell's Syrup Pepsin cured my little girl of constipation. I cannot recommend your splendid remedy too highly for children."

Mrs. Mary E. Young, Burlington, Ia., writes: "I cheerfully recommend it to mothers as the best laxative for children."

Mrs. Alice Miller, Canal Dover, Ohio, has used Dr. Caldwell's Syrup Pepsin with splendid results as a laxative for children.

All druggists sell it at 50c and \$1.00 per bottle. Pepsin Syrup Co., 301 Caldwell Bldg., Monticello, Ill., will send a free sample to any one who has never used it and will give it a fair trial.

## CHILD BITTEN

ON HAND AND ARM BY A RABID  
DOG AT WEST FORK

Little Girl Seized and Badly Injured by

A Dog Which Was a Pet

of the Family.

The five-year-old daughter of A. J. Arnold, of West Fork, was bitten by a rabid dog Sunday. The dog, which was a pet of the family, seized the child on the hand and arm. The wounds in themselves are nothing to cause uneasiness but on account of the poison which was injected from the dog's fangs they are regarded as serious.

The wounds were cauterized this morning by Dr. Watts. Arrangements are now being made to carry the child to Chicago where she will be given the Pasteur treatment. It is believed that this will completely counteract any poison which may have gotten into the blood.

Mr. Arnold operates a mill at West Fork and is one of the leading citizens of that section. The daughter, which was bitten is his eldest child.

The dog was killed soon after biting the child, but before this was done it had bitten several other dogs in the neighborhood. Those who saw it say there is no doubt but that it had hydrophobia. The people of that section are keeping a close watch on all dogs and a further spread is not expected.

### A Boon to Elderly People.

Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities and tones up the whole system. Commence taking Foley's Kidney Remedy at once and be vigorous. For sale by L. A. Johnson & Co.

## Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative is alone directed to these weak and wasting nerve centers. It builds, it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

The foot prints of Dyspepsia have been directly traced to the stomach nerves. When the "inside nerves" fail, indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr. Shoop's Restorative. First, these tiny inside Stomach, Heart, and Kidney nerves fail. Then gas belching, Heart palpitation, or failing Kidneys follow. Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. Strengthen these failing nerves with Dr. Shoop's Restorative. It is the nerves, not the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A test will tell. Sold by Anderson & Fowler Drug Co., Incorporated.

## 6 Pieces "Sanito" Cooking Ware

Absolutely  
Given Away!

# FREE

Absolutely  
Given Away!

## What "Sanito" Is

It is the ware you see advertised in all the leading Ladies magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what preceded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

## How To Get It

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

Orders given to agents will not be accepted on this offer—everything must come direct to this office. We are making an unusual concession in offering this ware and cannot afford to pay agents' commissions too.

Every set comes packed in a separate box and we have a supply on hand, so that when your order is received it can be delivered promptly. This ware is delivered free of all charges at this office. If further express or freight charges are necessary they must be borne by the purchaser.

## OUTLOOK IS POOR

FOR GETTING CLAIMS AGAINST  
STATE PAID.

Republicans Are Getting The State  
Treasury in a Worse Condition  
Than Ever Before.

Holders of claims against the state may get them paid this fall and they may not, but the probability is that but few claims will be paid from now on until after October. State Treasurer Edwin Farley issued the following statement:

"I find that in order to pay the school teachers the first installment which is due the first of October, we will be unable from now on up to that date to pay but, very few warrants which may be issued. There will be due the schools on October 1 next about \$440,000. We now have a balance of about \$182,000 on hand. The total collections for August and September last year were a little over \$672,000, while the expenses for the same months were something over \$621,000, almost an offset, as you will see. You can see at once that if we pay the schools we can pay but few of the other claims until after the sheriff's sale in taxes collected, which will not be earlier than November. The schools are entitled to their money, because we have been borrowing largely from the school fund to meet general expenses. If we had not done this there would be plenty in the school fund to meet this payment. The total expenses for running the state in its different branches has been more each year for the last number of years than the income from taxes and all other sources and why our last legislature, knowing this fact, failed to provide means to meet all demands, and was so lavish in making other appropriations, is something I do not understand."

### Cured May Fever And Summer Cold.

A. S. Nussbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." For sale by L. A. Johnson & Co.

### SISTERS LOST WILL SUIT.

ELKTON, Ky., Aug. 15.—The will of F. A. Sebree, presented for probate in the county court, was contested by sisters, Mrs. C. B. Crutchfield, Mrs. David Banks and Mrs. S. J. Banks, on the ground that his estate was inherited from his father, F. A. Sebree died in this country, leaving an estate consisting of real estate and personal property valued at \$80,000, leaving no children.

His sisters claimed that the estate was left him by his father; that it should become their property, and that he had no right to give the same to his wife. The court decided the widow was entitled to the entire estate, and the will was admitted to record. An appeal was taken to the circuit court.

### For Sore Feet

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts and all manner of abrasions," writes Mrs. W. Stone, of East Poland, Maine. It is the proper thing, too, for piles. Try it! Sold under guarantee at Cook & Higgins and Cook's Pharmacy, 25c.

### Sandy Snatched.

Sandy Billingsby was fined \$7.50 two years ago in police court for breach of peace. "Ah'll step jes' 'roun' de cor'nab an' git de stuff," he told the policemen. That was the last seen of him until this morning when Officer Miller recognized him at the L & N depot and arrested him. Billingsby swore his name was Bill Jones and he never saw Hopkinsville before. Finally he got tired of lying and confessed he had been living in Louisville since he ran off.

### Beautiful Women

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help you digest what you have eaten. Mrs. Wm. McStroud, Middletown, Tex., writes: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by L. A. Johnson & Co.

### To Rural Carriers

To the rural letter carriers of Kentucky: Brother carriers—The meeting of the Kentucky Rural Letter Carriers association has been called to meet at Owensboro on the first Monday (on Labor Day) in September. Now fellow carriers, we hope to make this the best meeting that has ever been held by rural carriers in Kentucky, and can only do so by the hearty co-operation of all of the rural carriers in Kentucky.

We want all delegates to arrive in Owensboro on Sunday before the meeting, and will meet at the Owensboro postoffice at 7 o'clock p. m. and attend church in a body. After services we will go again to the postoffice and outline the day's work for Monday. This is necessary from the fact that all will have but one day for our work. We also desire that all delegates notify the undersigned when they will arrive and on what railroad, so we can meet them at the depot.

Let all counties that have not organized do so immediately and send delegates to this state convention. All state papers which are friendly to rural letter carriers, please copy. F. K. MOSELEY, Pres. W. D. NAPIER, Sec. Daviess County R. L. C. A.

### A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in the earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when it is accompanied by bleeding from the lungs, that it has performed its most marvelous cures.

## MRS. M'KEE'S WILL

Was Probated in County Court This Morning.

(From Monday's Daily)

Mr. Edward E. Henry, with the United States Express Co., Chicago, writes: "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of old chronic diarrhoea. I have used it since that time and cured many on our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23 Ohio Regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once. Sold by Anderson & Fowler Drug Co., Incorporated.

## CHANGES AT ASYLUM

THREE ASSISTANTS TO BE APPOINTED AT HOPKINSVILLE.

Several Democrats, it is Stated, Are Stated to be Dropped in The State.

FRANKFORT, Ky., Aug. 14.—

Several additional changes in the working forces of the three state insane asylums are soon to be made by the board of control of charitable institutions, but they have not yet been determined upon. Seven places have not been definitely and finally agreed upon and will have to be filled permanently within the next few weeks. All of these places are now occupied by the men who had office under the Democratic administration. Some of them may hold under the new board, but it is known that several are slated to be dropped. At Hopkinsville, the position of superintendent has been filled, but three assistants have to be appointed. At Lakeland two assistants are to be appointed and the same at Lexington, in each place there already having been appointed a third assistant. The board of control meet here at noon today to open bids for the construction of heating plants at Lakeland and at Hopkinsville and to receive bids for the supply of coal used at each of the asylums. The bids were opened, but the contracts were not awarded and will not be awarded probably, for several days. The coal contract will amount to about \$50,000, although it is believed that the coal can be secured cheaper than the price paid last year.

It is also expected that a saving can be effected by the use of the new heating apparatus.

Nothing was done today about the removal of any of the assistant superintendents or physicians at the asylums and this is a matter which may not be brought up for several weeks. At each institution there is a superintendent and this superintendent is to be given full opportunity to see what each person under him can do. The board does not propose to interfere with the work of the superintendent any more than is necessary, but will give the superintendent a chance to select his force.

**S.S.S. SKIN DISEASES**

When the blood is pure and healthy, the skin will be soft, smooth, and free from all blemishes and eruptions; but when some acid humor takes root in the circulation, its presence is quickly manifested by some form of skin disease. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor-laden stream, it can no longer preserve the healthy, natural appearance of the skin, but by its acid, impure nature continually irritates and inflames the delicate tissues and fibres and keeps the cuticle in a diseased and disfigured condition. External applications cannot reach the blood, and therefore are beneficial only for their ability to reduce inflammation, and assist in keeping the parts clean. To cure any skin trouble the blood must be purified of the humors that are causing the trouble. S. S. S. drives out the humors from the blood so that the skin, instead of being irritated and diseased, is nourished by a healthy, cooling stream. S. S. S. goes down into the circulation and removes every particle of impure matter, all acids and humors, and restores the blood to its normal, pure condition, thereby curing every form of skin disease or affection. Book on skin diseases and any medical advice free to all who write.

MISS PETRIE AND MR. PETRE ARE  
UNITED IN MARRIAGE

The Romance of a Photograph and  
Its Happy Consummation—Other  
Nuptial Notes.

The wedding of Mr. Vernon H. Petre, of Manila, P. I., and Miss Annie Mae Petrie was celebrated Wednesday evening at Fairview.

Historic Bethel Baptist church was elaborately and handsomely decorated for the occasion and it was filled with friends and relatives of the couple.

The ceremony was solemnized at 12:30 o'clock. Rev. W. C. Brandon, of the Methodist church officiated and in a most impressive manner pronounced the vows which linked the lives and destinies of the popular young people. The wedding march was delightfully rendered by Mrs. Mary Crum, of Springfield, Ill. The ushers were Messrs K. E. Witt, of Hopkinsville, Ralph and Guy Doty, of Pembroke, and Harry Williams, of Elkton. The bridesmaids were Misses McKinney, Hazel and Fay Petrie, Sarah C. Petre and Marie Forgy. The maid of honor was Miss Belle Riley, of Altonville, and the best man was Mr. Edwin C. Henning, of Evansville, the bridegroom's uncle.

After the ceremony a brief reception was held at the home of Dr. W. S. Petrie, the bride's father, where congratulations were extended. After this Mr. and Mrs. Petre came here where they boarded a train for Chicago and San Francisco. They will sail for San Francisco next Tuesday morning on the steamship Manchuria for an extensive bridal tour before reaching Manila where they will reside. In this trip they will visit Honolulu, Yokohama, go through Japan by railroad and catch the steamer at Kobe, thence to Nagasaki, Shanghai, Hong Kong

and to Manila. Counting from the time they left Hopkinsville they will be on tour for thirty-seven days. The bride is the lovely and charming daughter of Dr. and Mrs. W. S. Petrie, of Fairview, and the handsome bridegroom, who is a son of Mr. and Mrs. F. G. Petre, of this city, holds an important post at Manila, being a valuable attaché of the U. S. department of public instruction. The marriage was the romantic result of a photograph being delivered through a mistake of the postal service, due to the similarity in names.

Mr. Petre and Miss Petrie met last spring, on his return to America on furlough from his duties at Manila, but they have been corresponding more than a year, ever since a picture of himself, addressed to his sister, Miss Saidee Petre, at Hopkinsville, accidentally fell into the hands of Miss Annie Mae Petrie, who was there at the same time. The two young women were acquainted, but became warm friends and will be devoted sisters-in-law henceforth.

C. A. Edwards and Miss Maud Schoppert, both attendants at the Western Kentucky Asylum for the Insane, will be married tonight.

MURRAY, Ky., Aug. 20.—It is denied that the barn of Tobe Roberts caught fire from combustion and it is pointed out that the stock in the barn was led out before the torch was applied. The hay and clover had been in the barn too long for spontaneous combustion. Mr. Roberts is a strong association man and he is unable to account for the burning of the barn. Mr. Roberts denied that he telephoned for soldiers, but that they went of their own accord.

### WILL BE WITNESSES

JUDGE COOK AND ATTORNEY  
SMITH CITED TO APPEAR

In The Kelly Case.—History of The  
Case From The Beginning up  
to The Present Time.

The transcript of the record of the Trigg county circuit court in the case of John W. Kelly, former master commissioner of that county, indicted on several charges for misappropriating trust funds, which has been received by the circuit clerk of McCracken county reveals one of the most remarkable cases on record in western Kentucky.

Besides the regular judge and prosecuting attorney of the county in which the indictment was returned, two other special judges and two commonwealth attorneys, pro tem have figured in the case, which has already been passed on twice by the court of appeals on questions of law. Trial is now to be had in the McCracken circuit court on a charge of venue secured by Special Prosecutor John Stites, of Hopkinsville, after startling allegations had been made as to the lawless condition in Trigg county and direct charges made that Kelly has had connection with the Night Riders.

The indictment was returned at the September term of the Trigg county circuit court, the specific charge being that Kelly as master commissioner converted to his own use \$4,761.52 funds belonging to the estate of L. Bryant, which had been held in trust by order of court for use and benefit of V. R. Blakely and her children.

When the case was called for trial at the February term of court Judge Thomas P. Cook declined to preside at the trial, giving as a reason that the disposition of the money belonging to the Bryant estate, had been made an issue in the campaign of 1908 between Judge Cook and C. H. Bush, of Hopkinsville, for the Demo-

cratic nomination for circuit judge. The facts in the case, were that, after Judge Cook had been selected the first term, he appointed Kelly his master commissioner for Trigg county. The money in question, about \$5,000 in all, was turned over to Kelly by his predecessor in office and a part of it was loaned to Judge Cook. When the campaign came on Judge Bush made it an issue. Judge Cook admitted borrowing the money and claimed he did not know it was improper. He had paid the money back when due. Judge Robert Crenshaw, of Cadiz, was agreed upon to try the case upon Judge Cook voluntarily vacating the bench.

Commonwealth's Attorney Denny P. Smith declined to prosecute, because of his intimate association with the defendant, having been his law partner. Judge Crenshaw appointed W. T. Fowler, of Hopkinsville, attorney pro tem. Mr. Fowler resigned on account of ill health and John Stites, also of Hopkinsville, was appointed.

At the February term of court Judge Crenshaw sustained a demurrer to the indictment, but his action was reversed by the court of appeals. The case coming up for another trial Prosecutor Stites moved that Judge Crenshaw vacate the bench, because it was generally understood that Crenshaw had been employed to defend Kelly. This the judge denied and declined to vacate. An appeal was taken by the prosecution and the appellate court decided that Crenshaw should vacate. The governor then appointed J. C. Sims, of Bowling Green to try the case.

At a special term of court held recently the prosecution filed a motion for a change of venue, claiming that lawless conditions in Trigg county and the belief that the defendant was connected with an order known as Night Riders would prevent the commonwealth from securing a fair trial. The prosecutor asked a change of venue to Christian county but this the judge refused giving it as his opinion that conditions were little better there than in Trigg. Finally the case was sent to McCracken county.

The witnesses in the case were recognized to appear here on the fourth day of the September term of court, which is the first day of October, but the case may be set down for trial at a later day. Judge Cook, Commonwealth's Attorney Smith and many others prominent in the affairs of the Trigg county and circuit court are witnesses.—Paducah Sun.

CLARKSVILLE, Tenn., Aug. 20.—The police arrested five suspicious looking negro tramps in this city yesterday for boating their way on a Tennessee Central train and threatening the train crew. The negroes, boarded a southbound freight at Hopkinsville, and when an attempt was made to eject them they were left alone until the train reached this city. The officials were telephoned to from Edgerton and went to the Red river bridge, met the train and took the men by surprise. They gave their names as Joe Barbary, Charles Gold, Eugene Douglas, Roger Walker and Joe Watts. The first two gave Clarksville as their home, but claimed to have been away from the city about two years. Douglas and Walker claim Nashville as their home.
